

Dear members and friends of the AEP25(1) Travel Survey Methods Household Travel Survey Subcommittee:

We hope this finds you doing well, healthy, and enjoying a festive holiday season!

For the subcommittee meeting this year, we will focus on rates: response rates, immobility rates, and trip rates. We will have time for 3-4 project-specific briefings (5-7 minutes) on recent projects (focusing on these rates). The bulk of the meeting will be a round table discussion of where we are and identify our challenges and opportunities in tracking and improving our surveys.

[If interested in presenting a project briefing, please send a one-paragraph summary to Jimmy and Stacey by ***COB on Monday January 4th.***]

If you plan to join the subcommittee meeting, please (1) register for TRB (there is a free “committee and exhibit hall” only registration) and (2) go into the program and put the subcommittee meeting on your personal program. You’ll need to complete both steps to receive the zoom link for the meeting.

Finally, here is the draft agenda for our upcoming virtual subcommittee meeting:

~~~~~

Household Survey Subcommittee  
Weds Jan 6, 2021, 2-330 pm ET  
Virtual Meeting (pre-registration required)

Meeting Topic: where are we with key survey metrics? How do they vary based on survey mode (phone, mail, web, smartphone apps)? This meeting will be a round table discussion of where we are with these metrics and identify our challenges and opportunities in tracking and improving our surveys.

~~~~~

We look forward to hearing about your work and “seeing” you on Zoom for the virtual TRB.

Stacey and Jimmy
Co-chairs, AEP25 (1) subcommittee on Household Travel Surveys
